CombiKIS 

Entry level case erecting and bag placing

Our promise: An affordable all in one case erector and bag inserter for any manufacturing company using bag-in-box packaging. And here it is—the CombiKis! **KIS** stands for **Keep It Simple**, and that's exactly what guided us during the engineering process. The result? A straightforward, reliable and low-maintenance machine that does exactly what it's needs to do. Nothing more, nothing less!

**Looking for higher speeds and more options? Check out the CombiPlast.*

Compact design

Like his brother, the CombiKIS has an extremely small footprint

Budget friendly

The perfect bag-in-box machine for low variation and small to medium volumes

Easy to operate

A straightforward design with few controls to ensure ease of use

5 steps

How the CombiKIS works

1 Box folding

2 Bottom flap folding

3 Bag opening

4 Bag spreading

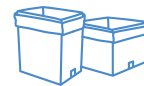

5 Bag inserting

**Hi, my name
is Fons**
