EasyFold

Bag folding

Are you ready to boost your productivity while saving labor and money? The EasyFold is a unique folding machine that takes the process of closing bags off your hands. With the optional speed pack, the EasyFold can handle up to 25 boxes per minute. Its compact design ensures you get the most out of your production space. The EasyFold never gets sick, doesn't take vacations and is always highly motivated! Our commitment is to always offer you the lowest Total Cost of Ownership (TCO), which means that compared to other solutions, our machine ensures long-term cost savings, making this investment a compelling choice for your packaging needs.

Looking for bag sealing? Check out the EasySeal.

Our world

We are Niverplast, a Dutch packaging company changing the industry with automation and innovation. With a focus on bag-in-box enclosures, we ensure every product, from bread to meat, is packed with precision and care. Our durable machines work perfectly with our EasyOpen bags for efficient operations.

We believe happy colleagues create happy customers. We care about our team's well-being, ensuring great service and continuous improvement. And we won't stop until you say, "That's exactly what I needed."
