OLAF

Oil and fat filling

Looking to fill buckets with oils and fats effortlessly? Discover the user-friendly semi-liquid filling machine OLAF. OLAF is a high-quality oil and fat filling solution for many kinds of semi-liquids. With precision and high capacity, OLAF fills up to 12-15 containers per minute, and with the optional bulk filling feature, it can manage larger volumes too. The machine integrates perfectly into any production line.

Check out our video about the **OLAF**!

Easy to operate

Very easy to adjust, operate, maintain and clean

Very fast & accurate

Up to 12 tons per hour:
 ± 40 g with a standard deviation of ± 15 g

Lowest cost

Guaranteed lowest total cost of ownership

5 steps

How the OLAF works

1 Box or bucket infeed

2 Lifting and tare weight correction

3 Start gross filling

4 Fine dosing

5 Correct weight reached
